

YOUR PROPERTY IN TAMILNADU. PROFESSIONALLY MANAGED. WHEREVER YOU ARE.

A trusted property management service for NRI families, and property investors.

PROPERTY MAINTENANCE | TENANT MANAGEMENT | DOCUMENTATION | COMPLIANCE

DISTANCE DOES NOT BECOME NEGLECT

Property Management Is a Trust Practice. Owning a property away from home can create several uncertainties. Is the property being maintained? Are the tenants paying on time? Are the documents in order? Is the property protected from encroachment, misuse or deterioration? The Property Guardian was created to answer these questions through a reliable, documented and locally managed service.

It is a dedicated property management practice from Lands & Lands, designed specifically for property owners who may not be physically present in Tamilnadu.

THE GUARDIAN’S PROMISE

REGULATORY FIRST

Every recommendation is made with attention to applicable property, tenancy, income and documentation requirements.

100% DOCUMENTED

Visits, expenses, repairs, payments and important communications are recorded and receipted.

TIMELY REPORTING

Property inspection reports are shared within the committed reporting period.

OWNER FRIENDLY

Information is presented clearly, allowing owners, family members, accountants and auditors to review the property easily.

WHY LANDS & LANDS?

Lands & Lands has worked across the Tamilnadu real estate market for nearly two decades. Our experience covers property transactions, land administration, approvals, documentation, tenant coordination and on-ground property services. The Property Guardian brings this experience together as one accountable service for absentee property owners.
